

The Los Angeles County Department of Mental Health proudly serves Vets through the Veteran Peer Access Network (VPAN) program. In addition to clinical services, LACDMH and our partners play a critical role in connecting veterans and their families with many other services and supports. Los Angeles County is home to the highest number of military veterans in the country. It is a DMH priority to advocate for Veterans across the region—wherever that advocacy is needed. VPAN is staffed by veterans and military family members who provide peer support and linkage to services to their fellow veterans and their family members. Callers are connected with housing, health care, financial, legal and employment advice & assistance resources, and clinical professionals are also available to assist those struggling with substance abuse and mental health issues.

DMH VPAN RALLY POINTS: walk-in sites where any veteran or family member can receive support or connection to services and benefits. They are also locations where events and trainings will take place for the veteran community.

VPAN Rally Point	Email	Location/Address
JVS SoCal	vpan@jvs-socal.org	1180 Durfee Ave. South El Monte, CA 91733
Veterans West	vpan@veteranswest.org	5155 Rosecrans Ave, Ste 100 Hawthorne, CA 90250

 Staffed by LA County personnel and
 volunteers who are Veterans or
 Military Family members
 (Interpreter services available)

California is home to 1.8 million veterans, representing eight percent of the total U.S. veteran population. Historically, the largest demand for benefits and services for veterans occurs immediately after discharge and again as the veteran population ages and requires greater access to medical facilities and long-term care services. For additional information please visit CalVet at: <https://www.calvet.ca.gov/veteran-services-benefits>

The Los Angeles County Department of Military & Veterans Affairs (MVA) counsels veterans, their dependents and survivors regarding federal and state benefits such as compensation, pension, education, medical treatment, home loans, burial benefits and license plate designation. For additional information please visit MVA at: <https://mva.lacounty.gov>
