

Superior Court of Los Angeles County
On-line Parenting Tool Vendor Resource List

Online Parenting Tools are intended to allow peaceful contacts between parents, addressing custody and parental access to the children. When ordered, Online Parenting Tool services are to be used as the principal means of documenting all information related to the health, safety, welfare and education of the minor children. Some of the most helpful features will assist the litigants to interact electronically, and the information within may help the Court in the decision- making process.
